

YOUNG GIRL MAKES FAST DASH IN AUTO

Lillian Rice, Only Sixteen Years Old, Drives Big Mors Car a Mile in 1.33 at Empire City Track to Show Her Nerve.

DANCER AND CHAUFFEUR.

Were Around Turns at Hair-Raising Pace, but She Never Flinched Nor Slackened Speed, Although Spectators Held Their Breath.

Lillian Rice, a sixteen-year-old dancer in Blanche Ring's "Jersey Lilly" company, claims the distinction of having traveled the fastest mile ever ridden by a woman in an auto.

Miss Rice has shown such daring and skill as a chauffeur that Roman & Schults induced her to try for a mile record and promised to provide her with a suitable machine if she would make the risky attempt. The parents of the daring little auto driver, who live at No. 232 Fifth avenue, were not let into the secret and while they thought she was at a rehearsal she went to the Empire City track with a number of automobile enthusiasts. A sixty horse power Mors, once the property of Tod Sloan and with which he had made several records in Europe, was waiting.

Miss Rice got her machine in working order and then as she came flashing down the stretch she gave the word to the timekeepers and tore about the circuit. She never wavered at the turns, though it seemed she would fly from the track and be overturned. 1.33 was the track hung out as she flew past the finish.

BROKER WEDS SECRETLY.

V. M. Currie and Miss Ola M. Whitling Informed Parents Only.

Brokers on the Consolidated Stock Exchange learned for the first time today of the marriage of one of their number, Joseph M. Currie, to Miss Ola M. Whitling, a daughter of Mr. and Mrs. John H. Whitling, of No. 2139 Seventh avenue. Although the ceremony was performed on May 13, the couple kept the matter a secret from all except the bride's parents until today.

Telling her mother she was going out to dinner with Mr. Currie, the young woman left the house. The Rev. Dr. Mulden, pastor of St. Peter's Lutheran Church, and were married there. The bride's parents learned the truth a week later. Mrs. Currie is only twenty years old and Mr. Currie is twenty-eight. First a professor at the Delaware Literary Institute, Franklin, N. Y., from which she was graduated in 1899, fell in love with her. She had been married to him, but a month later she ran away and returned the professor's ring.

TRAIN ROBBERS FOILED.

CHICAGO, Sept. 22.—A bold attempt by two men to lock themselves in a baggage car on the Chicago and North Western Railroad, with the express messenger, overpowered him after the train had left the yards at Thirteenth street and then ride the two safes of \$25,000 was frustrated. William Galt, whom the robbers mistook for the messenger, was knocked unconscious and gagged in the express car, and then the men discovered he was not the express messenger and, fearing detection, fled.

FLOCKING TO UNCLE SAM BY THOUSANDS

Steamers Which Arrived Yesterday and To-Day Brought More Than 7,000 Aliens to Knock at Gates of American Citizenship

More than seven thousand immigrants will have been landed at Ellis Island during the forty-eight hours ending with the close of business to-day if all that are in ships which arrived to-day are taken off.

Yesterday 3,646 were landed, the Cymric bringing 340, Bretagne 600, Helig Olav 1,046 and Kroonland 1,400. To-day five ships are in the harbor with 3,671 additional aliens for the immigration authorities to dispose of. The Georgia also arrived, but the number of steerage passengers she brings will not be reported until she has docked.

Those here to-day are: Hesperia, 518; Astoria, 249; Noordam, 697; Bremen, 1,450; Kaiser Wilhelm der Grosse, 637. The Ellis Island force worked late last night registering the people from the Kroonland, and the railroad force did not get away until midnight. The baggage room on the island is piled high with the belongings of those who arrived yesterday, and what is to be done with the effects of today's crowd is a puzzle to the baggage men.

PLOT TO ROB RICH MAN OF \$23,000

"Larry" Summerfield, Famous Confidence Man, Sought to Make Millionaire G. A. McLean, of Pittsburg, a Victim.

"Larry" Summerfield, one of the cleverest and most successful confidence men in the country, was arraigned in the Centre Street Court today charged with conspiring to defraud George A. McLean, a Pittsburg millionaire, out of \$23,000 through a mining stock transaction.

Inspector McCluskey yesterday received a telegram from Chief of Police Quirk, of Philadelphia, asking him to arrest Summerfield and two confederates as they were wanted in the Quaker City for conspiracy to defraud Millionaire McLean. The despatch did not contain any of the details of the attempted fraud.

Inspector McCluskey assigned Detectives Wakefield and Bruce to the case. They found Summerfield at Broadway and Thirty-sixth street last night and took him to Police Headquarters. When he was arraigned in the Tombs Court he was held in \$5,000, which was furnished by Martin J. Engel. A specific charge will be made when the officers come back here from Philadelphia. Summerfield has a record that reaches from the Atlantic to the Pacific and is known to the police in every large city in the country. Only a few weeks ago he was arrested by Inspector McCluskey's men in a round up of crooks on Broadway. He was released, however, as there was no charge upon which he could be held.

No visitors were received by the President to-day and the expectation now is that few will be received during the remainder of the last week of the President's sojourn here. All business possible is being postponed until the President shall have arrived at the White House.

DENIES KNOWLEDGE OF THIS MARRIAGE

Robert King, Wealthy Electrician of Jersey City, Haled to Court by Young Woman, Who Calls Him "Bigamist."

Robert King, of No. 240 Jewett avenue, Jersey City, is a bigamist, according to the allegations made by a young woman in Police Justice Murphy's court to-day, and he never knew it. The complainant is Miss Elizabeth Winters, of No. 155 Railroad avenue. The woman's story in court gave Mr. King more than an ordinary jolt, for he has no recollection of the marriage which she says he proposed and insisted upon having consummated.

She says that a week ago last Sunday Mr. King, a wealthy electrician of Jersey City, who is married, and likes nothing better than to sit behind a desk, was out for a drive.

While his horse, of which he has several, was particularly gentle and running smoothly, Mr. King fastened his attention upon a pretty young woman, whose eyes flashed smiles and a desire to enjoy a ride by Mr. King's side.

Mr. King was courteous and soon the two were speeding over the road toward Greenville. There were frequent stops, and every time Mr. King became more communicative. Finally Mr. King found out where Justice of the Peace Collins lived. Whipping up the horse, he and

his companion soon alighted at Mr. Collins' residence, No. 521 Ocean avenue.

On Sept. 16 Mr. King received a letter from Justice Collins acquainting him with the fact that the check calling for \$10 which he had given Collins for his services was not good.

King said to himself: "What check?" Then after much thinking he thought he would investigate, especially as the letter was sent to his own home. Mr. King told the Court on his honor that the first intimation of any marriage was the letter from the police justice. Miss Winters flashed her black eyes some more and sneered at the man. "You bigamist," she said. King was held in \$500 bail to await examination on Sept. 29.

DOG GAVE FIRE ALARM.

Animal Leaps from Window Attracting Attention to Blaze.

An Irish setter dog, the property of Mrs. Charles Groll, stood barking at the window of the first floor of No. 615 Claremont street, Brooklyn, last night, but son avenue, Brooklyn, last night, but neighbors paid little attention to it. The dog's bark then turned into a wail. Still the dog leaped out of the window. Just then a strange flickering light was noticed in the room where the dog had been. The neighbors rushed into the house and found the first floor in flames. The fire was extinguished after a damage of several hundred dollars had been done.

It is thought the fire was caused by the dog playing near the table on which a lighted lamp was placed.

William Lee, of Monmouth and Third streets, Jersey City, employed by the Unions Asphalt Company unloading sand from a boat at the foot of Green street, to-day was seriously injured by the fall of a derrick weighing several tons. His skull was crushed and he will die.
